**CROSS THE THRESHOLD INTO THE BEDROOM OF YOUR DREAMS.**

Crossroads by Broyhill combines gracious traditional design with practical features you'll appreciate. Design details include cherry veneers, round moldings and decorative hardware in both cherry stain and antique brass finishes for that added touch of personalization. Crossroads — where traditional design, fine craftsmanship, and welcome affordability meet in one beautiful bedroom collection.

**Construction Features:** In selecting materials for the Crossroads collection, designers and engineers at Broyhill design products that use a combination of hardwood and softwood solids, cherry and other hardwood veneers, and wood and/or simulated products. Certain parts, simulated wood carvings and/or other decorative embellishments may be made of simulated wood components.

Product availability and specifications are subject to change without notice. At best, finish photography is a representation of the actual finish and cannot reproduce the depth, clarity and beauty of the actual furniture.
